

Claire McCaskill

Missouri State Auditor

March 2005

Office of Secretary of State

Period July 1, 2004 to January 10, 2005, and the Two Years Ended June 30, 2004

Report no. 2005-19 auditor.mo.gov

The following findings were noted as a result of an audit conducted by our office of the Office of Secretary of State.

On January 8, 2001, Matt Blunt was inaugurated as the state's thirty-seventh Secretary of State. His term expired January 10, 2005. On that date, Robin Carnahan was inaugurated as the state's thirty-eighth Secretary of State.

The following report of the Office of the Secretary of State reflects audited financial statements dating from July 1, 2004 to January 10, 2005, and the two years ended June 30, 2004.

All reports are available on our website: www.auditor.mo.gov

State Auditor's Reports

INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS

Honorable Matt Blunt, Governor and Honorable Robin Carnahan, Secretary of State Jefferson City, MO 65102

We have audited the accompanying Statements of Receipts, Disbursements, and Changes in Cash and Investments of the Records Fund-Federal, National Endowment for the Humanities Save America's Treasures Grant Fund, Election Administration Improvement Fund, General Revenue Fund-Federal, Technology Trust Fund, Local Records Preservation Fund, Investors Restitution Fund, Library Networking Fund, Investor Education and Protection Fund, State Document Preservation Fund, Wolfner Library Trust Fund, and Institutional Gift Trust Fund, and the Statement of Receipts for the General Revenue Fund-State as of and for the two years ended June 30, 2004, and the Statement of Appropriations and Expenditures of the various funds of the Office of Secretary of State for the period July 1, 2004 to January 10, 2005, and the two years ended June 30, 2004. These financial statements are the responsibility of the office's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1 to the financial statements, these financial statements were prepared on the cash basis of accounting or the state's legal budgetary basis of accounting, which are comprehensive bases of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the receipts, disbursements, and changes in cash and investments of the Records Fund-Federal, National Endowment for the Humanities Save America's Treasures Grant Fund, Election Administration Improvement Fund, General Revenue Fund-Federal, Technology Trust Fund, Local Records Preservation Fund, Investors Restitution Fund, Library Networking Fund, Investor Education and Protection Fund, State Document Preservation Fund, Wolfner Library Trust Fund, and Institutional Gift Trust Fund, and the receipts of the General Revenue Fund-State as of and for the two years ended June 30, 2004, and the appropriations and expenditures of the various funds of the Office of Secretary of State for the period July 1, 2004 to January 10, 2005, and the two years ended June 30, 2004, on the bases of accounting discussed in Note 1.

In accordance with *Government Auditing Standards*, we also have issued our report dated February 23, 2005, on our consideration of the office's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the financial statements, taken as a whole, that are referred to in the first paragraph. The accompanying financial information listed as supplementary data in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

The accompanying History, Organization, and Statistical Information is presented for informational purposes. This information was obtained from the office's management and was not subjected to the auditing procedures applied in the audit of the financial statements referred to above. Accordingly, we express no opinion on the information.

An integral part of the office's funding comes from federal awards. Those federal awards are reported on in the State of Missouri Single Audit Report issued by the State Auditor's office. The single audit is conducted in accordance with the provisions of U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS

Honorable Matt Blunt, Governor and Honorable Robin Carnahan, Secretary of State Jefferson City, MO 65102

We have audited the financial statements of the Office of Secretary of State as of and for the period July 1, 2004 to January 10, 2005, and the two years ended June 30, 2004, and have issued our report thereon dated February 23, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements of the Office of Secretary of State, we considered the office's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the financial statements of the Office of Secretary of State are free of material misstatement, we performed tests of the office's compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended for the information and use of the management of the Office of Secretary of State and other applicable government officials. However, pursuant to Section 29.270, RSMo 2000, this report is a matter of public record and its distribution is not limited.

Notes to the Financial Statements and Supplementary Data

OFFICE OF SECRETARY OF STATE NOTES TO THE FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

Notes to the Financial Statements:

1. Summary of Significant Accounting Policies

A. Reporting Entity and Basis of Presentation

The accompanying financial statements present only selected data for each fund of the Office of Secretary of State.

Receipts, disbursements, and changes in cash and investments are presented in Exhibit A for the Records Fund-Federal, National Endowment for the Humanities Save America's Treasures Grant Fund, Election Administration Improvement Fund, General Revenue Fund-Federal, Technology Trust Fund, Local Records Preservation Fund, Investors Restitution Fund, Library Networking Fund, Investor Education and Protection Fund, State Document Preservation Fund, Wolfner Library Trust Fund, and Institutional Gift Trust Fund. Appropriations from these funds are expended by or for the office for restricted purposes.

The "Total (Memorandum Only)" column is presented as additional analytical data. Because this column does not identify the restrictions that exist by fund, it should be read only with reference to the details of each fund.

Receipts are presented in Exhibit B for the General Revenue Fund-State. Receipts include monies the office collects during its normal activities and remits to the fund. These amounts are not necessarily related to appropriations.

Appropriations, presented in Exhibit C, are not separate accounting entities. They do not record the assets, liabilities, and equity or other balances of the related funds but are used only to account for and control the office's expenditures from amounts appropriated by the General Assembly.

Expenditures presented for each appropriation may not reflect the total cost of the related activity. Other direct and indirect costs provided by the office and other state agencies are not allocated to the applicable fund or program.

B. Basis of Accounting

The Statements of Receipts, Disbursements, and Changes in Cash and Investments, Exhibit A, prepared on the cash basis of accounting, present amounts when they are received or disbursed

The Statement of Receipts, Exhibit B, also prepared on the cash basis of accounting, presents amounts when received.

The Statements of Appropriations and Expenditures, Exhibit C, are presented on the state's legal budgetary basis of accounting. Expenditures generally consist of amounts paid by June 30, with no provision for lapse period expenditures unless the Office of Administration approves an exception. Amounts encumbered at June 30 must be either canceled or paid from the next year's appropriations. For the period ended January 10, 2005, expenditures include amounts payable at January 10, 2005, including payroll earned through December 31, 2004, for all employees, plus the final payroll and accrued annual leave amounts payable to employees terminating on January 10, 2005. Encumbered amounts are reported as encumbrances.

However, the General Assembly may authorize continuous (biennial) appropriations, for which the unexpended balances at June 30 of the first year of the 2-year period are reappropriated for expenditure during the second year. Therefore, such appropriations have no lapsed balances at the end of the first year.

The cash basis of accounting and the budgetary basis of accounting differ from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned and expenditures or expenses to be recognized when the related liabilities are incurred.

C. Fiscal Authority and Responsibility

The office administers transactions in the funds listed below. The state treasurer as fund custodian and the Office of Administration provide administrative control over fund resources within the authority prescribed by the General Assembly.

<u>Records Fund-Federal</u>: The office administers several programs financed wholly or partially by federal monies maintained in the state treasury in the Office of Secretary of State's Records Federal Account. These federal funds may be received in advance, when related expenditures are made, or after they are made. Appropriations from this fund authorize the disbursements of the office's federal funds. This fund is used to handle federal funds administered by State Archives for document preservation grants to other entities and the electronic records training grants for training of other entities.

National Endowment for the Humanities Save America's Treasures Grant Fund: The office administers a program financed wholly or partially by federal monies maintained in the state treasury in the Office of Secretary of State's National Endowment for the Humanities Save America's Treasure Federal Account. These federal funds may be received in advance, when related expenditures are made, or after they are made. Appropriations from this fund authorize the disbursements of

the office's federal funds. This fund is used to handle federal funds administered by State Archives for the preservation of the St. Louis Circuit Clerk's court documents.

Election Administration Improvement Fund: This fund was established by Section 115.078.1, RSMo, in fiscal year 2003, to account for gifts, contributions, grants, or bequests received from federal, private, or other sources for the purpose of improving the administration of elections within Missouri. The federal monies may be received in advance, when related expenditures are made, or after they are made. Expenditures are authorized by appropriations for election administration improvements. No monies in this fund shall be made a part of the general operating budget of an election authority, or used to supplant other federal, state, or local funds expended for elections. Monies may be transferred from this fund to the Elections Improvements Revolving Loan Fund as the Secretary of State deems necessary to comply with the Help America Vote Act of 2002 (HAVA). Balances remaining in the fund are perpetually maintained for the purpose of the fund.

General Revenue Fund-Federal: The office administers several programs financed wholly or partially by federal monies maintained in the state treasury in the Office of Secretary of State's Federal Account. These federal monies may be received in advance, when related expenditures are made, or after they are made. Appropriations from this fund authorize disbursement of the office's federal monies.

<u>Technology Trust Fund</u>: This fund was established by Section 28.160, RSMo, to receive fees for certain services provided by the Office of Secretary of State. Expenditures are authorized by appropriation for the purposes of establishing, procuring, developing, modernizing and maintaining an electronic data processing system and programs for a centralized data base of all registered voters; library services; and services, equipment, and functions related to administrative rules, securities, corporations and business organizations, archives, Uniform Commercial Code and record services. The authority to collect certain fees expires December 31, 2009. At the end of a biennium, any amount in the fund in excess of \$5 million shall be transferred to the General Revenue Fund-State.

<u>Local Records Preservation Fund</u>: This fund was established by Section 59.319, RSMo, to receive user fees from document recordings in each county. Expenditures are authorized by appropriation for preservation of local records by the Secretary of State. Balances remaining in the fund are perpetually maintained for the purpose of the fund.

<u>Investors Restitution Fund</u>: This fund was established by Section 409.6-604, RSMo, in fiscal year 2003, for the purpose of preserving and distributing to aggrieved investors, restitution funds obtained through enforcement proceedings under the state securities laws. Expenditures are authorized by appropriation for restitution to individuals. If the aggrieved investor cannot be determined, the funds may be transferred to the Investor Education and Protection Fund.

<u>Library Networking Fund</u>: This fund was established by Section 182.812, RSMo, to consist of any gifts, contributions, grants, or bequests received from federal, private or other sources. Expenditures are authorized by appropriation for library networks. Balances remaining in the fund are perpetually maintained for the purpose of the fund.

<u>Investor Education and Protection Fund</u>: This fund was established by Section 409.6-601, RSMo, to receive collections from enforcement actions of the Secretary of State Securities Division. Expenditures are authorized by appropriation for investor education programs. Balances remaining in the fund are perpetually maintained for the purpose of the fund. Effective September 1, 2003, the fund name changed to Investor Education and Protection Fund from Investor Education Fund.

State Document Preservation Fund: This fund was established by Section 109.005, RSMo, to receive monies from gifts, bequests, or contributions for the specific purpose of preserving legal, historical and genealogical materials and making them available to the public. Expenditures are authorized by appropriation for state document preservation. Balances remaining in the fund are perpetually maintained for the purpose of the fund.

<u>Wolfner Library Trust Fund</u>: This fund was established by Section 181.150, RSMo, to account for donations restricted to improving library services to the blind and physically handicapped. In addition to donations, revenues consist of earnings from fund investments. A portion of the Wolfner Library Trust Fund is invested with and managed by the Missouri Investment Trust.

<u>Institutional Gift Trust Fund</u>: This fund was established by Section 33.563, RSMo, to receive collections from enforcement actions of the Secretary of State Securities Division. Expenditures are authorized by appropriation for investor education programs. Balances remaining in the fund are perpetually maintained for the purpose of the fund. This fund was closed at the end of fiscal year 2003.

General Revenue Fund-State: The office receives appropriations from this fund and does not maintain a proprietary interest in the fund. Appropriations from the fund are used for the basic operation of the office, including those programs and services that have no other funding source. These appropriations also may be used to initially fund, or to provide matching funds or support for, programs paid wholly or partially from other sources.

Election Improvements Revolving Loan Fund: This fund was established by Section 115.078.2, RSMo, in fiscal year 2003, to account for moneys appropriated by the general assembly, repayment of moneys from eligible lenders, and any moneys deposited or transferred to the fund for the purpose of improving the administration of elections through loans. The money in the fund was to be used solely for improving the administration of elections through loans, and the fund was to be

administered in accordance with HAVA. However, the Office of Secretary of State decided not to pursue HAVA loans. Instead, the Office of Secretary of State places grant monies from the U.S. Department of Health and Human Services in the fund. These monies are used to provide greater voting accessibility to individuals with a full-range of disabilities. The Office of Administration approved the Office of Secretary of State putting those monies in this fund. Appropriations from this fund authorize disbursement of the office's federal monies.

D. Employee Fringe Benefits

In addition to the social security system, employees are covered by the Missouri State Employees' Retirement System (MOSERS) (a noncontributory plan) and may participate in the state's health care, optional life insurance, cafeteria, and deferred compensation and deferred compensation incentive plans. The optional life insurance and cafeteria plans involve only employee contributions or payroll reductions. The deferred compensation plan involves employee payroll deferrals and the deferred compensation incentive plan a state contribution for each employee who participates in the deferred compensation plan and has been employed by the state for at least 1 year.

The state's required contributions for employee fringe benefits are paid from the same funds as the related payrolls. Those contributions are for MOSERS (retirement, basic life insurance, and long-term disability benefits); social security and medicare taxes; health care premiums; and the deferred compensation incentive amount.

Employee fringe benefits in the financial statements at Exhibit A are the transfers from the General Revenue Fund-Federal, Technology Trust Fund, Local Records Preservation Fund, Investor Education and Protection Fund, and State Document Preservation Fund for costs related to salaries paid from those funds. Transfers related to salaries are not appropriated by agency and thus are not presented in the financial statements at Exhibit C.

2. Cash and Investments

The balances of the Records Fund-Federal, National Endowment for the Humanities Save America's Treasures Grant Fund, Election Administration Improvement Fund, General Revenue Fund-Federal, Technology Trust Fund, Local Records Preservation Fund, Investors Restitution Fund, Library Networking Fund, Investor Education and Protection Fund, State Document Preservation Fund, Wolfner Library Trust Fund, and Institutional Gift Trust Fund are pooled with other state funds and invested by the state treasurer. In addition, \$728,000 from the Wolfner Library Trust Fund is invested with the Missouri Investment Trust. According to the trust agreement between the Office of Secretary of State and the Missouri Investment Trust, the funds transferred along with any interest, income or other earnings will be transferred to the Wolfner Library Trust Fund from the Missouri Investment Trust in January 2010.

3. Article X Refunds

Article X, Sections 16 through 24 of the Missouri Constitution establishes a revenue limit for Missouri State Government. Total state revenue exceeded this limit in fiscal year 2000, which triggered income tax refund liabilities in fiscal year 2003 under provisions of the Constitution. The Office of Administration calculated the proportional share of the liabilities to be allocated to each fund and transfers were made from the Technology Trust Fund, Local Records Preservation Fund, Investor Education and Protection Fund, State Document Preservation Fund, and Wolfner Library Trust Fund to the state's General Revenue Fund to cover the fund's share of the liabilities.

4. State Office Building Rent/Maintenance and Repair

The Office of Administration calculated the proportional share of operating costs and maintenance, repair, and renovation costs for the office's occupancy in state-owned buildings. Monthly transfers were made from the General Revenue Fund-Federal, Technology Trust Fund, Local Records Preservation Fund, and Investor Education and Protection Fund to the state's General Revenue Fund to cover the fund's share of the costs.

5. Cost Allocation Plan

The Office of Administration calculated the state's costs of services provided by the Office of Administration, Department of Revenue, State Auditor, State Treasurer, and retiree health care to be allocated to the various state funds based on how the various funds create work for the agencies in the pools. Transfers were made from the Technology Trust Fund, Local Records Preservation Fund, Library Networking Fund, Investor Education and Protection Fund, State Document Preservation Fund, Wolfner Library Trust Fund, and Institutional Gift Trust Fund to the state's General Revenue Fund to cover each fund's share of the costs.

6. Leasing Operations

The Office of Administration calculated the proportional share of costs for leasing operations to be allocated to various funds based on each fund's percentage of the state's total lease expenditures in the prior year. An annual transfer was made from the Local Records Preservation Fund to the state's General Revenue Fund to cover the fund's share of the costs.

7. Reconciliation of Total Disbursements to Appropriated Expenditures

Disbursements on Exhibit A reconcile to appropriated expenditures on Exhibit C as follows:

Records Fund-Federal

	 Year Ended June 30,		
	 2004	2003	
DISBURSEMENTS PER EXHIBIT A	\$ 1,867	108,189

EXPENDITURES PER EXHIBIT C	\$ 0

8. <u>Uncommitted Appropriations-Fiscal Year 2005</u>

The amounts presented as uncommitted appropriations represent appropriations not yet spent or committed at January 10, 2005.

Notes to the Supplementary Data:

9. General Capital Assets

General capital assets are recorded at cost in the general capital assets account. General capital assets are depreciated on a straight-line basis using various useful life classifications and a salvage value of zero. Accumulated depreciation on general capital assets at January 10, 2005, June 30, 2004, and June 30, 2003, was approximately \$4,435,000, \$4,190,000 and \$3,519,000, respectively.

10. Prior Period Adjustment

The June 30, 2002 balance of furniture and equipment in the general capital assets account has been decreased by \$165,386. This change is the result of various corrections made to the State Advantage for Missouri (SAM II) system.

MANAGEMENT ADVISORY REPORT SECTION

Follow-Up on Prior Audit Findings

OFFICE OF SECRETARY OF STATE FOLLOW-UP ON PRIOR AUDIT FINDINGS

In accordance with *Government Auditing Standards*, this section reports the auditor's follow-up on action taken by the Office of Secretary of State on findings in the Management Advisory Report (MAR) of our prior audit report issued for the two years ended June 30, 2002. Although the unimplemented recommendation is not repeated, the office should consider implementing this recommendation.

1. <u>Federal Grant Management</u>

- A. Because the State Library (library) did not routinely require subrecipients of the Institute of Museum and Library Services (IMLS) grants to provide expenditure documentation, the library rarely reviewed and evaluated expenditure documentation from these subrecipients.
- B. During the year ended June 30, 2002, the Archives Division only submitted one of four required reports for a document restoration grant. In addition, the library had not submitted quarterly federal cash transaction reports since July 2001 for the IMLS grants.

Recommendation:

The Office of Secretary of State:

- A. Develop policies and procedures to adequately monitor subrecipients' expenditures of IMLS grant monies to ensure the monies are spent in accordance with federal requirements.
- B. Ensure all required reports are prepared and submitted in accordance with grant requirements.

Status:

Implemented.

2. Corporation Fees

The Corporations Section did not establish adequate procedures to ensure the number of filings processed each day were properly reported and accounted for and that fees were remitted to the proper fund. Neither the total number of filings documented on the individual transmittal sheets nor the aggregate number of filings were independently verified.

Recommendation:

The Office of Secretary of State establish procedures which provide for an independent verification of the number of filings processed by the Corporations Section and which ensure fees received are remitted to the proper fund.

Status:

Implemented. A new computer system provides the office a more accurate count of the number of filings and the amounts to be paid to the applicable funds.

3. Internal Control Plan and Control Weaknesses

- A. The office did not prepare and submit an internal control plan to the Office of Administration (OA), as required.
- B. The failure to complete an internal control plan contributed to control weaknesses in various divisions. There was a lack of segregation of duties in the majority of divisions, and one division did not deposit receipts on a timely basis. In addition, monthly reconciliations between revenue transmittals and State Advantage for Missouri (SAM II) reports were usually not prepared and/or properly documented in the majority of divisions.

Recommendation:

The Office of Secretary of State develop written internal control procedures for the various divisions. These procedures should ensure the duties of receiving, recording, depositing, and reconciling are adequately segregated; receipts are deposited on a daily basis or when accumulated receipts exceed \$100; and monthly reconciliations of receipts to SAM II reports are prepared and/or documented. In addition, the Office of Secretary of Sate should prepare and submit its internal control plan to the OA, as soon as possible.

Status:

Partially implemented. Written internal control procedures were completed and submitted to OA for the various divisions. Although control procedures for the divisions have improved, there are still some control weaknesses. In some divisions, an independent documented supervisory review is not always performed and/or documented, and a monthly reconciliation between revenue transmittals and SAM II reports is not always documented. Although not repeated in the current MAR, our recommendation remains as stated above.

STATISTICAL SECTION

History, Organization, and Statistical Information

OFFICE OF SECRETARY OF STATE HISTORY, ORGANIZATION, AND STATISTICAL INFORMATION

The Office of Secretary of State is an elective office as provided in the Missouri Constitution. Article IV, Section 14, established the duties of the Secretary of State: 1) to be custodian of the state seal, 2) to keep a register of the official acts of the governor, 3) to be custodian of records and documents, and 4) to perform such duties in relation to elections and corporations as provided by law.

To accommodate the responsibilities of record keeping, registration, and administration, the Secretary of State's office is currently divided into eight divisions – Executive Services, Elections, Securities, Business Services, Record Services, Legal Services, Administrative Services and Library Services. Some divisions are composed of separate sections which perform specific functions.

On January 8, 2001, Matt Blunt was inaugurated as the state's thirty-seventh Secretary of State. His term expired on January 10, 2005. On that date, Robin Carnahan was inaugurated as the thirty-eighth Secretary of State.

At January 10, 2005, the office employed approximately 262 full-time and 9 part-time employees. An organization chart follows:
